

Pathologist opening for Breast Pathology and Cytopathology – Loyola University Medical Center

The Department of Pathology of Loyola University Chicago Stritch School of Medicine is seeking a pathologist with fellowship training or experience in both breast pathology and cytopathology.

Candidates must have an MD degree or equivalent and be AP Board-certified/eligible. Individuals will be required to obtain a medical license in the State of Illinois. Strong diagnostic skills, excellent interpersonal and communication skills as well as strong work ethic abilities are essential. A record of demonstrated academic productivity and scholarly accomplishments indicating commitment to academic career is desirable.

The successful candidate will join a cohesive team of sub specialized surgical pathologists who handle approximately 35,000 surgical specimens and 30,000 cytopathology specimens annually. Ample opportunities for clinical/translational research and multidisciplinary collaboration with investigators of the Cardinal Bernardin Cancer Center are available. The selected candidate will be at the rank of Assistant or Associate Professor that will commensurate with experience.

Loyola University Medical Center is a 547-licensed-bed hospital that includes the William G. and Mary A. Ryan Center for Heart & Vascular Medicine, the Cardinal Bernardin Cancer Center, a Level 1 trauma center, Illinois's largest burn center, a certified comprehensive stroke center and a children's hospital. The medical center campus is also home to Loyola University Chicago Stritch School of Medicine, Loyola University Chicago Marcella Niehoff School of Nursing and the Loyola Center for Fitness. GMH is a 247-licensed-bed community hospital with 150 physician offices, an adult day care program, the Gottlieb Center for Fitness, the Loyola Center for Metabolic Surgery and Bariatric Care and the Loyola Cancer Care & Research at the Marjorie G. Weinberg Cancer Center at Melrose Park. MacNeal Hospital is a 374-bed teaching hospital with advanced inpatient and outpatient medical, surgical and psychiatric services, advanced diagnostics and treatments in a convenient community setting. Loyola Medicine is a member of Trinity Health, one of the nation's largest health systems with 94 hospitals in 22 states.
